Will Move to Winchester.

R. C. Mansfield & Son, the well-known Rosslyn millers, have about decided to leave Powell county and move their mill to Winchester. They were in Winchester Friday and secured an option on some valuable lots desirably located for a flour mill.

For a number of years Mansfield's mill has been a leading industry in the county and it would be with great regrets that we would give them up. The firm is strong and solid; the business is conducted on the most modern principles, and the products of the mill are not surpassed by any and rarely equaled by the best and largest milling concern in the country. The mill will be operated at Rosslyn for several months yet, and we hope it will finally be the decision of this up-to-date and progressive firm to remain in Powell.

At one time last spring they wanted to move their mill to Clay City and occupy the site of the old forge mill, but could not make the necessary arrangements on account of the high prices asked for the lots. Our people made a mistake by not

raising a subscription and buying the site for them. We are sorry to state that it is too late for Clay City to come in on this proposition and that she has lost this enterprise that was once anxious to locate here.

Plant Fruit Trees.

By all means the farmers in this section should go to setting out orchards. The Clay City market is fine for choice fruit of which practically none can be bought from the farmers of the county. We have a country naturally adapted to fruit growing, but the fruit growers are absent. On this account the people of Clay City, during the summer time, when they depend upon home for their supply of apples, peaches, pears and so on, they have to put up with very inferior stuff and most of the time do without. This should not be the case, and because it is, it is a shame on our people.

Farmer friend, sit down this fall and order from H. F. Hillenmeyer, the well-known and reliable Lexington nurserman, a quantity of a variety of fruit, pick a section on your farm best

adapted to orchard and give it a small portion of your attention and time; cultivate it well, and when it begins to bear, it will pay you more than double for the time and money you have expended, and pay you for your land too. Get out of the ruts and show our bluegrass neighbors that we can excel them in more than one thing. Our soil is adapted to a larger variety of products than any other in the State. It is because we don't properly use it, that it don't pay us, the fault is in us always.

Lucky Prize Winners.

No one was more surprised than Mrs. Herbert Tetlow, of Ohio, when the postmaster delivered to her an envelope containing a certified check for \$2,500 00, signed by the Woolson Spice Co., of Toledo, O. This good fortune was the result of an estimate made by Mrs. Tetlow in accordance with the Lion Coffee premium offer to those coming the nearest to estimating the 4th of July attendance at the World's Fair.

The total paid attendance at the St. Louis Exposition on July 4th was 135,659, and Mrs. Tetlow's guess was exactly that number. She sent in only six estimates.

All told 33 Kentucky people won prizes, the ten leading ones \$20 prize, J. J. Phillips, Grayson, Ky.; two \$10 prizes, Wm. Dilley, Greenup; \$10 prize to each of the following: Mrs. B. L. May, Muir, Ky.; Mrs. Anna B. Pettel, Folsom; H. B. Morton, Morton's Gap; Johnathan Salmons, Greenup; J. L. White, New Columbus; W. W. White, Lytle. Thos. Blanchard, Maysville and W. H. Bogan, Franklin, each received \$5 00 prizes.

Throughout the last six months Woolson Spice Co., has been advertising in the TIMES and other leading American newspapers an offer of \$50,000 in cash prizes to users of Lion Coffee. The \$20,000 00 just awarded in their World's Fair contest. Another \$20,000 00 will be given the same way to those who make the best estimates of the total Presidential vote to be cast next November. This contest is awakening great interest throughout the country, and Lion head trade marks are being eagerly sought after, some persons offering to pay as much as five cents apiece for them.

Excursion to Louisville.

The L. & E. will run a grand excursion from Jackson and points along the road to Louisville on Sunday, August 14, for account of the Great K. P. Encampment.

Rates for the round trip will be \$3.85 from Clay City and \$3 95 from Stanton. Special train will run through to Louisville, via Lexington and Louisville Southern Railway, leaving Clay City at 10:28 and arriving at Lexington at 11:45. Arrive at Louisville in the afternoon.

Tickets to St. Louis will be on sale for this train with privilege of stopping at Louisville during the Encampment, at one fare for round trip plus 50 cents, return

on any train until September 10.

For further information, call on agents L. & E. railway.

Kentucky Crop Report.

After a general summary from all the reports received at the different agricultural stations in the state the following crop conditions are found to exist:

Wheat threshing is nearly completed. The crop has turned out much better than expected in yield and quality. The acreage was less than usual.

Tobacco has improved and is generally doing well. There is complaint of frencing in some localities, but the area affected is small. The early fields are being topped.

Corn is in first class condition and promises a large yield. Roasting ears of fine quality are coming into market.

Oats are about all harvested and a fair crop has been secured in good order.

Potatoes and garden vegetables are very fine.

Hay cutting is about over; the crop is below the average in yield, and rather weedy in some sections.

Apples are falling badly and are deteriorating in quality. Peaches are scattering, some localities reporting a full crop and others none at all.

Hemp is doing well in most localities and bids fair to make at least an average crop.

How They Settled it.

Some years ago three teachers made application for a certain school in Rockcastle. Each one had a trustee favoring his appointment. They compromised by running a foot race. A preacher won thought handicapped by carrying a rail on his shoulder. He taught the school.—Winchester Democrat.

Clay City Gets the Bridge.

The Clay City Council at its regular meeting last night signed a contract for the construction of an iron bridge in Clay City at the old Waltersville crossing, the contract price being \$2,990. The bridge will be 140 feet long 14 feet wide and sufficiently strong to hold up as many traction engines as can stand on the roadway.

Store Burned.

The large store house and stock of goods near Indian Fields belonging to Dawson & Elkin were totally destroyed by fire Sunday morning while Mr. J. H. Dawson, the manager, was gone to church. The loss is large with little or no insurance. This is the second time Mr. Dawson has been burned out in the last three years.

Are You far Sighted?

Must you hold the book or paper at arms length to get the proper focus. If so a careful examination now and the use of proper glasses will set you right. There is worse trouble ahead if you fail to note warning. W. T. Webb, Optician.

Not Space Enough.

We received orders to publish the list of claims allowed at the two last sessions of the Fiscal Court, but for the want of space this week the matter was left over until the next issue.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

Messrs. D. M. Curry, of David-
son, Ky., and H. D. Curry, of
Myers, Ky., have each subscrib-
ed ten dollars to the bridge fund
now being raised to build a high-
way bridge at Waltersville. If
all the people of this section had
the same feeling for their home
as these gentlemen, it would be
an easy matter to get some of
the many needed improvements.
We hope our people in a course
of time will learn that every
dollar invested in public improve-
ments brings a better per cent.
to property owners than money
invested any other way, and if it
helps the country in which we
live, it is bound to help us,
whether we can ever use the im-
provements or not. We are glad
to know that there are people
who have moved away that still
have an interest in their old
home whether all the people left
here have or not. Read the let-
ter from Mr. D. M. Curry in this
issue.

There never was a time when
the Democratic party was more
harmonious than it is just at
present, says an exchange. There
are no "wings" and there is per-
fect peace in all directions. There
are no quarrels pending or im-
pending, no jealousies to be ad-
justed, and no heart burnings to
be cured. Most of the irritation
that exists is in the editorials of
Republican newspapers and the
hopes of Republican leaders,
who are greatly disappointed to
find that Tillman carries some-
thing besides a pitchfork.

A. H. Norton, who served so
efficiently as Circuit Clerk of
this county, will make the race
for County Clerk in the coming
Democratic primary to select
candidates for county officers.

Mr. Norton has a large number
of friends in the county, who are
loyal to him in their support
which makes him a strong candi-
date. His announcement in
the TIMES will appear in a short
while.

Democracy was never in bet-
ter condition in Powell county
than at present and the party
may depend upon an increased
majority. There is but one kind
of Democrats in the county now
and that is the supporting and
voting kind.

New Butcher Shop.

Sam will treat you right always and appreciate your trade and give you the biggest piece of meat you ever bought for the money.

Displayed Sound Judgment.

Millard Carr, one of our most prosperous and progressive young men, being desirous of placing himself under the most favorable condition to attain success, went to Indianapolis a few weeks ago to investigate an opening. He found no better opportunities there than in his old home so he returned at once where he will resume business.

"Uncle" Wesley at Winchester.

J. W. Lockname, of Waltersville, Powell county, was in the city last week visiting friends and called on the Democrat while here. He is 79 years old and distinctly remembers when there were only two stores in Winchester and both of them conducted in log houses. Mr. Lockname is a remarkably well preserved man and relates many interesting reminiscences of pioneer days. In 1836, his father, Benj. Lockname, purchased the farm on which he now lives at twelve and one half cents per acre, and recently he refused \$50 per acre for the same land.—Winchester Democrat.

Potatoes Grown in Straw.

An Indiana farmer says: "A writer friend of mine raised an extraordinary crop of potatoes last year by laying the seed potatoes on the top of the ground covering them with straw to a depth of a foot or more. When ripe the ground was almost covered with large and clean potatoes 100 per cent better than ever raised by any of his neighbors. Then there was no bother cultivating the crop. Just plant and the job is done. This is an old Irish method and is worth trying when one has the straw."

Jesus Paid it All

An exchange says: "Third notice." Every editor has received them. The postmaster sends them to the editor. The postmaster is not to blame. For instance there is a man by the name of—well say Tom Short—who sent us three notices to stop his paper. He did not want it any longer. We wondered what was the matter. Upon investigation our subscription book we found that Tom was short \$5.70. He has never paid a cent and yet he stopped his paper. A few evenings ago we stepped into church, and Tom's

melodious voice rang out loud and clear, in the old soul-stirring song, "Jesus Paid it All." We might have been mistaken but his earnestness impressed us. The next day we sent him a receipt in full begging his pardon.

BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.
